CONFIDENTIAL

The Managing Director / Chief Executive Officer
All State Cooperative Banks / Central Cooperative Banks

Madam / Dear Sir,

Statutory Inspections of State Cooperative Banks / Central Cooperative Banks under Section 35(6) of the B R Act, 1949 (AACs) - Conveying of Supervisory Ratings

Please refer to our Circular No. NB. DoS .HO .POL/ 947 /J-1 /2007-08 [Circular No. 94 / DoS-18 / 2007] dated 08 June 2007 on the captioned subject.

2. During the recent period, significant developments have taken place in the overall banking environment, including structural, financial, operational and regulatory changes in respect of Rural Cooperative Banks. Keeping these changes in view, an Internal Working Group (IWG) constituted by NABARD revisited various aspects related to supervision function including existing supervisory rating mechanism and recommended revisions in the supervisory rating parameters for StCBs / CCBs. These revised norms have been approved by the Board of Supervision (BoS) (for StCBs, DCCBs and RRBs) in its 60th Meeting held on 27 November 2015.

3. It has been decided to adopt the revised supervisory rating norms, as detailed in Annexure, from the year 2016-17 i.e. in case of all the Inspections of StCBs / CCBs conducted w.r.t. their financial position as on 31 March 2016 and thereafter.

4. The important features of the revised supervisory rating norms are as follows:-

राष्ट्रीय कृषि और ग्रामीण विकास बैंक

(a) The key factors (parameters under CAMELSC) and weightage assigned to each of them is as under :-

Sr. No.	Key Factor (Parameters under CAMELSC)	Weightage assigned (%)
1	Capital Adequacy	15
2	Asset Quality	15
3	Management	10
4	Earnings	10
5	Liquidity	15
6	Systems and Control	20
7	Compliance	15
	Total	100

Each key factor is assigned an aggregate mark of 100 and is divided into sub-factors / sub-parameters with different marks depending upon their importance in the rating exercise. The marks obtained for each key factor (out of 100) will be multiplied by the respective weightage assigned to the key factor, for arriving at the composite rating of 100 marks.

(b) Composite Rating will be awarded on the basis of the total weighted average supervisory marks out of 100 and the serious adverse features observed in the financial position & methods of operation of the bank, if any. Composite rating will be awarded on a five score scale ("A", "B+", "B", "C", "D") and will generally denote the financial position and soundness of the bank as indicated below :-

Total Supervisory Marks	Composite Supervisory Rating	Denotes financial position / soundness of the bank as
75 and above	A	Fundamentally sound bank with sound banking operations
60 to below 75	B+	Sound banking operations but with moderate weaknesses
50 to below 60	B	Financial, operational or compliance weaknesses giving rise to supervisory concerns
40 to below 50	C	Financial, operational or compliance weaknesses likely to culminate into serious supervisory concerns
Below 40	D	Serious financial, operational and managerial weaknesses exist that give rise to the possibility of failure in the near future.

4. We believe that implications of the Supervisory rating awarded would be properly appreciated. The basic purpose of communicating the Rating is to encourage banks to improve their performance. Banks may, therefore, attempt self rating periodically based on these parameters and initiate necessary corrective actions, if required, promptly.

5. We advise that the supervisory ratings are being conveyed to you in strict confidence for the limited information of the Top Management of your bank. The rating may, therefore, be treated as "Secret" and not to be quoted for any other purpose or divulged to others.

6. Please acknowledge receipt.

Yours faithfully
